CERTIFIED ORGANIC FEEDS

We are happy to carry Certified Organic Feeds and whole grains. These are the same feeds that we exclusively feed our own animals. All feed is ground, mixed, and bagged by Lakeview Organic Grain of Penn Yan NY. Many of the grains come from the many certified organic acres of grains in Yates County. Additional organic grain is imported from outside the region when supply does not meet demand. All grains are USDA certified Organic by NOFA-NY Certified Organic LLC.
